Nebbiolo – så funkår det

Alf Tumble, Petter Alexis Askergrøn

190x250, 160p

Alf and Petter are back with an unrestrained homage to the world's greatest grape. A devoted and in-depth study of the magical wines of Barolo and Barbaresco, and their as yet undiscovered relatives. We come along on the wine tour and meet producers, cultivators, restaurateurs and get tips on the best super combos for the grape. Nebbiolo in the kitchen. Nebbiolo and pizza. Nebbiolo with cheese. Nebbiolo at auction. Nebbiolo in the rest of the world. Nebbiolo on film. Nebbiolo for king and country!

But is all that magic really in the skin of the grape, or is it the provenance of the cultivation that counts? Can anyone cultivate nebbiolo? And can anyone appreciate the wines? Our writers explore the heart of the matter on the grape that once brought them together.

Nebbiolo – from the start follows in the same tracks and spirit of discovery as the duo's earlier book *Wine – from the start*.
