Baby knits comes with 18 beginner friendly knitting patterns, which anyone can tackle. The patterns are shown without any shortcuts or too advanced techniques and several of the designs are illustrated, making it easy to follow the work in progress.

As well as the patterns the book contains good advice for knitting items for children and useful tips for beginners – as well as a chapter on the choice of yarn and colour for the patterns.

All the patterns in the book are unisex and so can be worn by both girls and boys. The patterns come in sizes 0 – 24 months and the instructions are often given for all sizes. The book contains everything from cardigans and sweaters to costumes and winter garments. There are also patterns for extra items like braces and a delightful blanket, which is as attractive on both the front and back.

About the author

Baby knits was written by knitting designer **Mette Hvitved**. She has a great passion for knitting for our little ones, in a slightly Nordic style, in which everyone can take part.
