The new collection by a beloved designer of hand-knitted socks features beautifully matching knitwear and accessories: cardigans, tops, scarves, beanies, socks and mittens. Brand-new designs along with fresh versions of all-time favorites from Ojanperä's previous books make this the perfect chance to fall in love with her work.

These scrumptious designs are a feast of fluffy surfaces, chunky stitches and stylish textures. Aglow with vivid, natural shades, they feature a rich palette of reds, with lilac, steel blue, graphite and moss green, and a touch of burnt orange and yellow.
