Socks knitted with love warm both the heart and toes.

Combining coloured and textured knitting gives birth to breathtakingly fine woollen socks. Merja Ojanperä's colour-saturated, rustically romantic socks are filled with eye-catching textures and three-dimensional details, such as crocheted flowers, silk ribbons worked into the knitting or sewn-on pearls.

The length of the socks varies from ankle to knee-length, and most of the models are easy or moderately difficult, but there are also some challenging instructions among them. All the socks have been knitted from reasonably priced and easy-to-handle wool.

About the author

Merja Ojanperä has made all kinds of handicrafts all her life. Knitting socks became a special hobby for Merja in 2015, when she started a highly popular knitting page in Facebook. Besides knitting, Merja is passionate about dogs and voluntary work, and her fabulous unique socks have raised a lot of money for animal protection and other good causes.
