Ninette Hartwich

210x280, 120p

*The book Cloths is full of unique designs, the basic concept is one of simple geometric shapes, combined with aspects of conventional design.*

All the models are loose-fitting and adaptable to petite and larger sizes. The attractive designs in the book are casual, but always with a touch of elegance. We find square, triangular and diamond shapes being used.

The designs are given in 4 to 8 sizes.

The designs of Ninette Hartwich strive towards - and are characterised by - simplicity and attention to detail. Most of the models are whenever possible knitted from the top down, to minimise the need for complicated assembly work and to achieve the best possible fit, as we work from a set design.

### About the author

**Ninette Hartwich** trained at the Hellerup Textil Akademi, where her main subject was in cutting with supplementary studies in machinist skills. In 2011 Ninette set up a yarn store and workshop, creating designs for the shop and supplying other companies.

In 2014 she closed the shop and began to work full-time with knit design, among others for *Permin* and *Strikkemagasinet*. Ninette has previously published a booklet of designs for toddlers (*Trompet Tulle og de andre Tumlinger*) and created several other designs in her own name.

Many of Ninette's designs can be viewed on Instagram (@knitdesignbyninette) and Facebook (KnitDesign by Ninette).
