Mats, carpets and rugs for every home and taste

Contents

Preface

Crochet and knit

Paint and dye

Sew

Cut and tear

Embroider, braid and knot

Weave, mould and remodel

Where to get a mat, carpet or rug for home when there is nothing suitable in the shops? The authors of this book solved this familiar problem in their own way by making their own mats, carpets and rugs – not just one or two but as many as thirty!

The 30 mats, carpets and rugs in this beautifully illustrated book have been made using different techniques from many kinds of material, pleasing and colourful: there are crocheted, tied, sewn and woven mats, carpets, and rugs, recycled, dyed and painted. Among them you can find a suitable alternative for the hall, kitchen and bedroom, on the porch and in the sauna dressing room or even for the yard. Everyone can choose the sizes and colours according to their liking. With the help of clear instructions and illustrative step-by-step pictures even an inexperienced person can create a mat, carpet or rug.

About the authors

Ritva Tuomi is a photographer, whose magnificent photos illustrate many handicraft books by Moreeni. **Susanna Uusitalo** is an editor and loves handicrafts specialising in life-style themes. Ritva and Susanna have collaborated on several garden and handicraft books.
