Nordic - Dansk børnestrik

Trine Frank Påskesen

190x270, 148p

Nordic - Dansk børnestrik contains 15 beautiful knitting patterns for children in the age of 0-6 years.

There is a wide selection of patterns for the beginner as well as the advanced knitter. The patterns are all well described, and many different techniques are used. You will find patterns for both boys and girls, and all patterns are developed with a love for the beautiful Nordic design.

Good craftsmanship, quality, sustainability and aesthetics have been in focus for this book. Behind the camera is the talented Lise Høyer whose evocative pictures has been given a lot of space to give inspiration to the reader.
