Yawning at the thought of yet another square heel? It's time for new challenges!

Mäkilä is a familiar figure in the Ravelry community, now proudly presenting her first book: a collection of 20 patterns with different heel techniques and other exciting details to spice up your knitting.

Patterns in this book are knitted from high-quality artisan yarns, which can be substituted with other alternatives. You'll find patterns for 2–5 different sizes, and you can easily adapt them by varying the number of rows, yarn weight or knitting needle size.

About the author

Now settled in Finland, the Polish-born **Anna Mäkilä** has been knitting ever since she was a little girl, but it's only a couple of years ago that she made her first pair of socks. She does not like to get stuck in a rut, and that is why she wanted to take a closer look at the heel.
