## Puikkomaisterin pipokirja

Tiina Kaarela

210 x 263, 128 p

*Your head stays warm in the Knitting Needle Academy.*

**T**he Master of the Knitting Needles, Tiina Kaarela, famous for her socks and mittens, continues her in-your-face series of books with hat instructions, which take themes from different cultures, art and friendship. Everybody will give the hat a warm welcome.

The book includes 25 patterns, which let you knit the favourite hat that you want, whether it is the basic beanie with braid knitting, a loose hippie cap or a soft French style red angora beret. Or would you rather wear an Oriental pagoda or an astronomer beanie with rockets and stars? There's a suitable hat for everyone from a regular walker to those who love speed and dangerous situations.

Everyone knits in their own style but the Master of the Knitting Needles is always there for support.

## About the author

**Tiina Kaarela** is an editor and a blogger, who has knitted ever since she was 6 years old. This book is her third knitting book.
