Pernille Cordes

200x255, 182p

The *Big Book* about Tunisian Crochet is divided into three parts. The first part contains 30 patterns for jackets, sweaters, caps, mittens, scarfs and shawls. It also contains patterns for children's clothes, baby accessories and new designs for your home.

The second part consists of step-by-step guides to all basic techniques in Tunisian crochet, e.g. 15 kinds of basic stitches, crocheting with colours, circle crocheting and crocheting clothes.

The book's third part is a library of patterns with 30 different types of patterns, e.g. fancy structures, lace patterns and two-coloured patterns.

The Big Book about Tunisian Crochet is an exciting book about crocheting. It is useful for ideas for patterns as well as a reference book for Tunisian crochet. The book offers guidance for beginners as well as for more experienced crocheters. All patterns are marked with stars which state the degree of difficulty, which makes it easy to navigate. In the back there are thorough word explanations, step-by-step descriptions of the different types of techniques and useful tips on working with Tunisian crochet.
