This is what you have been waiting for – new patterns for children's socks from your favourite Finnish designers!

Ten popular knitwear designers took on the challenge of creating knitted socks for children, each with their personal touch. The result is 30 brand-new patterns full of whimsy and inspiration. Pick your favourite technique, whether it's colourwork or structural, and knit a unique pair for the next generation.

You'll find patterns in baby, toddler and school kid sizes. Most of the patterns are knitted, but there's also a pair of crocheted slippers, and as a special treat for the ambitious: three patterns using the nalbinding technique.
