*30 stylish, Scandinavian inspired crochet patterns for Tunisian crochet.*

**T**unisian crochet is an ancient technique that originates from central Asia, but it is still popular today, because of the technique's mix of knitting, crocheting and weaving that brings tension and structure to the fabric. The different kinds of Tunisian stitches also allow room for variation.

Pernille Cordes has made 30 stylish designs that works beautiful as they are, but she also encourage to bring the design a personal touch in colours and shapes. This book is divided into themes of patterns for you to explore after your own taste.

The patterns are great inspiration for decorating your home, e.g. cushions and bolsters with decorative designs and cuddly baby blankets, but also for clothes and stunning accessories, e.g. soft caps and bags with structure.

*Tunisian crochet* is for beginners as well as for more experienced crafters. All patterns are marked with stars that state the degree of difficulty, which makes it easy to navigate. In the back of the book there are thorough word explanations, step-by-step instructions of the different kinds of techniques and useful tips on working with Tunisian crochet.

## About the author
