Väv på fyra skaft!

Ann-Mari Nilsson
190 x190 mm, 84 p

A book about weaving for anyone who thinks it is fun to weave and wants to choose their own patterns and colors.

Get inspired by the suggestions for stripes, plaids and various color combinations and use the book as an encyclopedia about different qualities of fabric. Experiment with color-and-weave effect and create your own patterned fabrics. Simple patterns based on tradition are always in style!

Designer Ann-Mari Nilsson has composed 28 patterns for weaving clothing and interior fabrics. The degree of difficulty is indicated for each design, from the simple to the more challenging, but, everything is woven on 4 shafts!

About the Author

Ann-Mari Nilsson was educated at Beckman's College of Design in Stockholm, Sweden and has broad experience in the textile arts, particularly as an industrial designer. She has designed for Marc O'Polo, IKEA, Östergötland's Woolen Mill, and the Swedish Handcraft Association. Author and designer Ann-Mari Nilsson's books include: *Quick Nordic Knits: 50 Socks, Hats, and Mittens; Scarves, Collars, and Small Triangular Shawls; and Weaving on Four Shafts.*
