Ärtsoppa – Pea soup
Öar – Island world

Anita Shenoï

220x170, 128pp

“Can a nation be summed up by the letters of its alphabet? *Sweden A-Z and Beyond* rises to the challenge by taking you on a whirlwind tour of key concepts that characterise the country and its people.

Especially designed for the inquisitive reader in a hurry, each letter and chapter is a launch pad of interesting facts, language tips and beautiful photographs to kick-start further exploration of all things Swedish. And since there are three extra letters in the Swedish alphabet, you'll find this A-Z goes beyond the expected! I've spent a long time enjoying the sights, sounds and feel of Sweden – I hope this book inspires you to do the same!”

Anita Shenoï

About the author:

Anita Shenoï has lived in Sweden for ten years and with her sharp eye and her feeling for details she has described the small quirks of the Swedes and what it is that is special about Sweden. She has previously written *Sweden Inside Out* and *Stockholm Inside Out* on the same theme, both of those books published by Kakao Förlag.
